23 cm

Canadian Green Woman

Artist: Gary A Crosby MMM CD CWO (Ret'd)

Description: The Canadian Green Woman is a pure sign of the upcoming growing season and the start of spring. She is the celebration of everything, nature and a new beginning. In these trying times of Climate Change, we should be focusing on nature and technology to defeat this monster we have created that is destroying our homes. The Canadian Green Woman is a symbol of everything good in nature.
