

Sonatina Light

New Brunswick Canada Climate Change Art

Hardwood Pyrography Art wall light, with an epoxy top coat. designed to provide light and colour to any room.

Not only is it a very cool-looking wall light (LED), but it also provides a very cool light effect on the wall and ceiling. Perfect for any house or music studio.

A sonatina is a musical term, rather a title applied by the composer to a piece that is in basic sonata form but is shorter and lighter in character, or technically more elementary, than a typical sonata. This term has been in use since the late baroque.

Comes with a small remote control with loads of light options, or just go with white.
