

Castle Carving (with a Red Door)

Cottonwood Bark carving

*Hand-carved cottonwood
Bark carving, created in our
Oromocto, NB studio.*

*A substantial chunk of
cottonwood bark carved
into a castle tower design. It
can stand on its own or hang
from the wall. Hand-finished
with one coat of tung oil and
two coats of beeswax. Size: 8
3/4 inches tall with a width of
4 3/4 inches. This carving has
a thickness of 2 3/4 inches.
thanks and Chimo!*
