

# *Little Owl* *Cottonwood Bark Carving*

*This little owl is hand-carved, and hand-wax finished in our Oromocto, NB studio. This little owl stands 14 inches tall with a width of 4 1/2 inches and a depth of 4 inches. It is carved out of one solid section of dry Cottonwood Bark from BC.*

*During carving, we create a signed certificate of authenticity and place it into the right eye, then seal it in, then add the glass eye on top. This is done to date with the carving. We also add a Canadian coin to the back of the carving.*
