

DW Custom Orders

It all starts with letting us know what you would like and what you are thinking. We will work with you to design your project, which is a free service. Once the design is complete; you will receive our project estimate, which is a guarantee that it will not cost any more when what we state.

Once the design meets your requirements and we have settled on a price and due date, we will require a 50% down payment to start the ball rolling. Once the project is completed and delivered or en route to you, we require the remainder of the cost, last 50% plus tax to be sent to us.

If you have any questions, please give us a call or email us, thanks and Chimo!
