

Blue River Light

New Brunswick Canada Functional wall Art

Birdseye Maple and light blue epoxy wall light provides white light left, right and blue on the ceiling, a very cool effect. Perfect for any home or office and takes a standard LED light or interactive light bulb such as a firelight or smart bulb.

Comes with a

- *standard LED light*
- *6 ft (UL) inline on/off switch*
- *D-ring on the back ready to hang up.*

*Completely made from
New Brunswick hardwood*

This light can be custom ordered to create a different lighting look.

For example, the top can be cut in a unique pattern allowing for a very unique light design on the ceiling or walls.

Square will provide a square on the ceiling.

A butterfly will provide a large butterfly on the ceiling.

And the list goes on for different options.
